PwC Vietnam and University of Information Technology cooperate on recruitment and training

Ho Chi Minh City, 13 October 2017 – PwC Vietnam and the University of Information Technology (UIT) will strengthen cooperation in recruitment and training in the fields of Telecommunications - Information Technology (IT) and Communications. A memorandum of understanding to officialise this was signed on 13 October 2017 in Ho Chi Minh City.

Notably, UIT will send shortlisted third- and fourth-year students to PwC Vietnam to be considered for an internship at the latter. UIT might adjust its curriculum to match PwC's internship programme by incorporating specialised topics related to IT, IT Risk and Controls, IT Audit, Cyber Security, and Data Analytics.

PwC will supervise and evaluate the on-the-job performance of UIT's students, and provide resources for the university's teaching and learning process. Both sides plan to co-organise seminars, workshops and scientific research relevant to specialised topics.

As leading organisations in their respective fields, PwC Vietnam and UIT expect that this cooperation will produce a future talent pool that can combine UIT's academic and PwC's professional strengths./.
